

Hydraulic Power Pack (Variable flow)

Our hydraulic power pack, suitably sized for the pumps to be driven, can also be sized to drive hoist and winches, auxiliary services.

Components: Base plate, drive (diesel engine/electric motor), variable flow oil pumps, oil reservoir, control box, accessories.

Remote control version: on request.

Pump model	Oil capacity (l / min.)	Pressure max (bar)	Power required (Kw / Hp)	Electric motor	Diesel engine
